Neschen transfers part of it's production to Poland

Neschen AG, well known for High-End-Products and Systems for the graphic-, exhibitions- and advertising industry as well as for archives will transfer part of the production to it's Polish company as per beginning of 2003.

This restructuring process after the aquisition of the brand SEAL leads to a reduction of employees at the Bückebug Head Office by 40 -50. 27 out of this have short time contracts anyway which will not be continued.

Worldwide the number of reduction of employees will be 67 by June 30, 2003.
