

QUALITY CERTIFICATE

FLOOR GRAPHICS SOLUTIONS

Perfectly matching components for Floor Graphics:
Print Media and Protection Film

Print Media:

solvoprint easy 80 GSP removable +

Protection Film:

filmolux® FGS R11
R11 certified by IFA
(Institute for Occupational Safety and Health)

Dr. W. Markiewicz
Director QM/Research & Development
Neschen Coating GmbH

Preconditions:

All materials of this quality certificate are designed and manufactured under ISO 9001:2008 by Neschen Coating GmbH in Germany. The Neschen Coating GmbH grants the removability of these components within 2 months when applied in accordance with the technical bulletin and processing instructions. All tests conducted under controlled climatic conditions, 23/50-2, DIN 50014. If the Neschen Coating GmbH is responsible of a product defect, we will bear all costs up to the amount of the goods.

Complete details of the quality certificate are provided in the technical datasheet and in instruction bulletins on the homepage www.neschen.com
