

Application **OVERVIEW**

Neschen offers a range of graphic films used to manufacture decals that enable and promote social distancing guidelines. These decals resist scuffing and have the durability to withstand thousands of footsteps. Easy to apply and ideal for surfaces such as floors, walls, countertops or mirrors: These graphic solutions are perfect orientation aids and help to remind visitors, employees, and customers to keep a safe distance. The decals are exceptionally easy to remove from most surfaces, without causing any damage and leaving no adhesive residue.
